

Choir Name: East London Chorus

Province: Eastern Cape

City: East London

East London Chorus choir, also known as Madrid was formed on 1 September 2015 under the leadership of Makazole Tête. Our vision as the East London Chorus Choir is to positively contribute to the development of youth and also other age groups, basically forming this choir is part of his community outreach program.

With the current crime rate within our communities, we strongly believe that with the introduction of the musical development we shall contribute to the reduction in crime and also poverty within our communities. Mr. Tête saw it fit that he starts this choir as a way to get young people more involved in recreational music.

As a newly established choral music group, we have already won four (4) awards in 2015 and 2016 we won two awards (second place in western piece and third place in Venac) in Eastern Cape Choral Music Association (ECCMA) and one award (second place in Venac) at Melting Pot competitions.

We hosted two successful concerts in year 2016 and 2017. We have worked with Nostalgic Voices, well known group that is based in East London, Eastern Cape.
