

# COULD YOUR BIGGEST SECURITY RISK BE YOU?

Documenting your life on Social Media is like having an open book for all to read.

As your financial partner, we at Old Mutual want to help you achieve your financial goals, and this includes helping you keep your savings and investments secure.

To shield yourself from sophisticated cybercriminals who use social media to prey on people, we urge you to be very, very careful on Social Media.

**ALWAYS**  
use the strictest privacy settings, and

**NEVER**  
share personal details

Many of us don't realise that our personal information might be available for the entire world to see.

Take a look at the diagram below so that we can help you navigate some of the dangers and risks involved:

## THE RISKS INVOLVED

The less you share the safer you may be, the easiest way to do that is to **ENSURE YOUR PRIVACY SETTINGS ARE SECURE.**

### Quick tips

Don't post offensive or threatening comments (cyberbullying)

Don't click on links from an unknown source (phishing)

Don't reuse the same password for multiple accounts

Don't use your work email address for your social media accounts

And always ensure that you use unique, strong, secure passwords for each account

**STAY SAFE ONLINE AND BE A CYBER HERO**
