## OTHER INVESTMENT CONSIDERATIONS

### INITIAL CHARGES:

There is no initial administration charge on the fund.

### ONGOING

Annual service fees	0.20%
---------------------	-------

Total Expenses	
Total Expense Ratio (TER)	0.20%
Transaction Cost (TC)	-
Total Investment Charge	0.20%

TER is a historic measure of the impact the deduction of management and operating costs has on a fund's value. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER, which includes the annual service fee, may not necessarily be an accurate indication of future TERs. Transaction Cost (TC) is a necessary cost in administering the fund and impacts fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of fund, the investment decisions of the investment manager and the TER.
