

OLDMUTUAL

TALKING POINT

ARE YOU USING THE MOST RECENT GROUP ASSURANCE CLAIM APPLICATION FORMS?

At Group Assurance we strive to make the claim submission process a quick and easy one. We occasionally update our forms taking into consideration feedback from our customers as well as our own experiences of processing claims. Using the latest version of the forms will make things easier for you. It will also make the entire application process quicker as it may prevent the need to ask for additional information. It is for this reason that we encourage our customers to check our website regularly for the updated versions of our forms.
