#### 4. DISCLAIMER

- We believe in the value of sound advice and so recommend that you consult a financial planner before buying or selling unit trusts. You may however, buy and sell without the help of a financial planner. If you do use a financial planner, we remind you that they are entitled to certain negotiable planner fees or commissions.
- You should ideally see unit trusts as a medium to long term investment. The fluctuations of particular investment strategies affect how a fund performs. Your fund value may go up or down. Therefore, we cannot guarantee the investment capital or return of your investment. How a fund has performed in the past does not necessarily indicate how it will perform in the future.
- Our cut-off time for client instructions (e.g. buying and selling) is at 15:00 each working day for all our funds, except for our money market funds, where the cut-off is at 12:30. The valuation time is set at 15:00 each working day for all our funds, excluding our money market funds which is at 13:00, to determine the daily ruling price (other than at month-end when we value the Old Mutual Index Funds and Old Mutual Multi-Managers Fund of Funds range at 17:00 close). Daily prices are available on our public website ([www.oldmutualinvest.com](http://www.oldmutualinvest.com)) and in the media.
- The daily ruling price is based on the current market value of the fund's assets plus income minus expenses (NAV of the portfolio) divided by the number of units in issue.
- The fund fees and costs that we charge for managing your investment is accessible on the relevant fund's minimum disclosure document (MDD) or Table of fees and charges, both available on our public website ([www.oldmutualinvest.com](http://www.oldmutualinvest.com)), or from our contact centre (0860 234 234).
- Additional information on this proposed investment can be obtained, free of charge, from our public website or our contact centre.
- Funds may borrow to pay client disinvestments and may engage in scrip lending. A process of ring-fencing of withdrawal instructions and managed pay-outs over time may be followed should excessive withdrawals from a fund place the fund under liquidity pressures.
- Old Mutual Unit Trust Managers (RF) (Pty) Ltd has the right to close a portfolio to new investors in order to manage it more efficiently in accordance with its mandate.
- Old Mutual Unit Trust Managers (RF) (Pty) Ltd is a registered manager in terms of the Collective Investment Schemes Control Act 45 of 2002.
- Old Mutual is a member of the Association for Savings & Investment South Africa (ASISA).

#### **Money Market Funds:**

A Money Market Fund is not a bank deposit account. Its unit price aims to be constant but investment capital is not guaranteed. The total return is primarily made up of interest (declared daily at 13:00) but may also include any gain/loss on any particular instrument. In most cases this will merely have the effect of increasing or decreasing the daily yield, but in the case of abnormal losses, it can have the effect of reducing the capital value of the fund. The published yield is calculated using the average of the fund's previous seven days' net income (and assumes all income was reinvested). This figure is then annualised, which is the weighted average compound growth rate. A process of ring-fencing of withdrawal instructions and managed pay-outs over time may be followed should excessive withdrawals from a fund place the fund under liquidity pressures.

#### **Income Funds:**

Income funds derive their income primarily from interest-bearing instruments as defined. The published yield is a current yield and is calculated daily. The value of underlying assets of Income funds are marked to market on a daily basis.
